This schedule provides information on the price for common services you can access through your overall package budget. There are many other services you can access through a Home Care Package that are not listed below. **This may include allied health, district nursing, home maintenance, aids or equipment which may form part of your Care Plan.** Services delivered as part of your Care Plan are GST-free. Costs related to exit amounts are not GST free. For further information please feel free to contact us.

Note: you may be required to make a contribution to the cost of your care by paying an Australian Government Income Tested Fee and/or Basic Daily Fee. Self-Funded by you or your relevant others.

If you decide to self-manage, your provider will still undertake some care management. For example, an annual review of your Home Care agreement and care plan. You would be charged the fortnightly cost and approximate number of hours to do this. Outside of this there would not be a charge of regular Care Management Costs, only Package Management, except if you contact the Support Coordinator/Case manager during this time.
